

WALK AROUND RESCUE

*Serving the Emergency
Response Industry Since 1946*

EXTREME DUTY

MANUFACTURER OF CUSTOM EMERGENCY VEHICLES

Custom shelving and dividers are fabricated and installed during the construction of the rescue unit.

*Individually Designed
To Meet Your
Department and
Community Needs*

Roof access stairways that lift-up are one of the many unique features designed into our construction to access and utilize all available storage spaces.

Upper walkways provide safe access to upper compartments and additional storage locations for long equipment.

Compartment layouts with custom tool mounts are designed to meet the requirements of each individual fire department.

Available on both commercial and custom chassis.

R1 VEHICLE WARRANTIES...

- Lifetime Electrical Warranty
- Lifetime Structural Body Warranty
